

## Instant Clear Coverage for 85% of the United States and Counting

### EXPERIENCE THE ASURINT ADVANTAGE

Hiring is the lifeblood of every organization. We get that background checks are what separates you from hiring the best candidate for the job. Get the whole picture on your candidates in a fast and compliant way.

#### Instant Clears Across the United States

Time is of the essence when it comes to performing background checks on candidates. Historically, turnaround times were slow due to the manual-intensive labor of retrieving court files during a background search. But with Asurint's smart proprietary technology, we've been working with the court systems to make the process faster!

#### What's an Instant Clear?

A "clear" is when a candidate's background search comes back with no criminal history. While Asurint is working every day to add more court systems to our system, we currently offer instant clears in many states and the majority of the most populous counties in the states to the right!
