THE ONLY LOGICAL PLACE TO START EMPLOYMENT BACKGROUND SCREENINGS

IQLOGICS™

ASURINT'S EMPLOYMENT BACKGROUND SCREENING RECOMMENDATION ENGINE
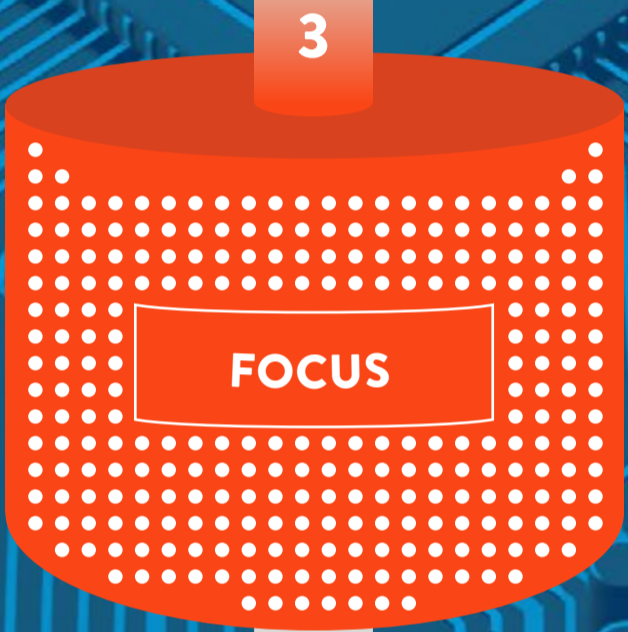

HOW DOES THE IQLOGICS™ RECOMMENDATION ENGINE WORK?

INPUT 1

WHAT IS IQLOGICS™?
IQLogics™ is the first **recommendation engine** for employment screenings. It uses a proprietary algorithm to instantly determine the best background searches to run for every job candidate.

WHY ARE BACKGROUND SEARCHES BETTER WITH IQLOGICS™?
IQLogics™ recommends the employment screenings that will quickly and compliantly provide a more complete picture of every candidate. With the right background information, you can then make smart hiring decisions, limit risk and build a productive workforce.

DETAILED
16% more records at no additional cost

ACCURATE
99.99% accuracy rate

FAST
25% faster turnaround times

Input a candidate's name, date of birth and social security number

Using a proprietary algorithm, IQLogics™ examines our unique index of jurisdictions to determine the best sources to run your background check

2 COLLECT

3 FOCUS

4 RECOMMEND

IQLogics™ looks for any additional addresses not provided by the candidate

IQLogics™ recommends the fastest, most accurate criminal background checks available

4 TYPES OF EMPLOYMENT SCREENING RECOMMENDATIONS FROM IQLOGICS™

Q **NCIB NATIONWIDE**   Q **STATEWIDE**   Q **MULTI-COUNTY**   Q **SINGLE-COUNTY**

The IQLogics™ engine unlocks a screening recommendation tailored to a candidate's address history and social security number trace. Each recommendation will include a unique combination of background searches designed to deliver the fastest, comprehensive, cost-effective result.

DID YOU KNOW: Federal, state and local laws and regulations are constantly changing. So, after you run your employment background screening, Asurint filters the results through our compliance engine to help mitigate risk.

THE IQLOGICS™ RECOMMENDATION ENGINE RUNS SMOOTHLY SO YOU CAN STRESS LESS

ELIMINATE GUESSWORK
The multitude of employment screening options is overwhelming. Let IQLogics™ instantly recommend the right search for every job candidate.

REMOVE LEGWORK
It's time-consuming to manually search countless court systems to collect data on your own. IQLogics™ can determine efficient automated searches.
