

Electronic I-9

Our advanced, web-based technology fully automates the completion, signature, storage and tracking of I-9 forms – making a totally paperless I-9 process possible. The Form I-9 Compliance partnership approach involves working with company representatives to understand current I-9 programs, identify existing concerns, trends or problems before outlining a new, customized I-9 program.

- Form I-9 experts on staff
- Eliminate duplicate data entry
- Easily track and manage all I-9 issues using our comprehensive dashboard
- Team of I-9 Help Desk professionals ready to assist
- Continuous updates to reflect latest developments in USCIS/ICE regulations and procedures.
- Customized client portals
- Step by step transition plans
- Reporting and Training

E-Verify

As an E-Verify Employer Agent for Web Services, we provide integrated E-Verify accessibility from either the Electronic Form I-9 or as a standalone service. From initial planning to successful implementation, we assist employers through the E-Verify Memorandum of Understanding completion process and provide all of the necessary training and documentation required for E-Verify access.
